

2nd nek5000 Development Meeting

Registration Form

*GEP Pavillon
Swiss Federal Institute of Technology (ETHZ)
Zurich, Switzerland
December 7-8, 2012*

We are pleased to invite you to attend the second *nek5000* Development Meeting, to be hosted by the Aeothermochemistry and Combustion Systems Laboratory (LAV) at the Swiss Federal Institute of Technology (ETHZ) in Zurich, Switzerland, on December 7-8, 2012.

The objective is to bring developers and users of *nek5000* together to promote collaborative activities, exchange information, and share experiences in using *nek5000* in areas of common interest.

The schedule is under development, but we are planning to have technical sessions on Friday, Dec. 7 and Saturday, Dec. 8, including hands-on sessions in the use of *nek5000* and *VisIt*. One objective of the meeting is to assist users in defining their simulation problems and to address technical issues that they may face.

Attendees are invited to contribute short (15 min.) presentations on their applications of *nek5000*. Contributions should consist of an abstract (1-2 pages) and presentation slides.

- The registration form may be completed and submitted via fax or e-mail by September 30. Information is provided at the bottom of the form.
- If you plan to present your work using *nek5000*, please provide a title.

Presentation? If yes, please provide title below

--

Information about the meeting and accommodation will be posted at <http://nek5000.mcs.anl.gov/index.php/Usermeeting2012>

Please e-mail the completed form to Christos Frouzakis at: frouzakis@lav.mavt.ethz.ch
or fax it to: +41 (0)44 632 12 55
